Plans Laid For County Defense Unit

Organization of the San Mateo County Defense Council, as an authorized unit of the state and national defense setup, was started by the San Mateo County Board of Supervisors Tuesday. The board instructed County Clerk W. H. Augustus to request all incorporated cities to name one representative each to the council, being formed under a new state law.

The council is being set up by the board at the request of state and federal officials, to be an integral part of the state and national defense organizations. In contrast to other defense and disaster preparedness groups so far organized, it will be vested with administrative authority under state law. Other groups have "advisory" powers only.

After the cities have named their representatives, the board will name one member to the council, and will select any other representatives from the county it may feel are necessary. The sheriff and district attorney are ex-officio members, and it is believed that the fire warden, county executive, agricultural commissioner and health director will also be placed on the council.

The council will do "everything they're doing in England under civilian defense," Assistant Dist. Atty. Daniel E. Sullivan said.

The board, acting on the recommendation of County Controller Thomas J. Kane, approved unemployment relief claims for August amounting to $4200, the amount requested by Mrs. Harry S. Dana, chairman of the San Mateo County Unemployment Relief Committee. The money will come from the general fund.

San Mateo County Memorial Park near La Honda was enlarged by 2.84 acres when the board approved the purchase of land, adjoining and partly surrounded by the park, owned by Charles H. Jensen. The price was $2250.

The completion date for the courthouse annex contract was moved back to Sept. 15, to keep the contract alive while fixtures are being installed.

Neither San Mateo nor San Bruno will change the name of its Crystal Springs Rd., so two such streets will have to remain with the same name, Planning Engineer Ronald Campbell reported. To change the street names outside the towns would merely add to the confusion, supervisors decided.

"Ziegfeld Girl" at Redwood Sunday

The three beauties of the Ziegfeld Follies, Judy Garland, Hedy Lamarr and Lana Turner as they appear on the Redwood Theater screen starting Sunday in "Ziegfeld Girl," spectacular musical drama of three girls who rise from obscurity to fame on Broadway. James Stewart shares stellar honors with Tony Martin, Jackie Cooper, Ian Hunter and Charles Winninger cast in outstanding roles.

Well-Known R.C. Actor, Film Director Dies in L.A.

Funeral services for Frank Lucius Cooley, 71, well-known Redwood City resident, were held in Los Angeles last week according to word received here by friends.

Mr. Cooley and his wife, Lillian, who survives him, have made their home at 136 Finger Ave. for the past eight years.

Closely identified with the stage and with the motion picture industry, Mr. Cooley for a long time headed his own repertoire company which played one-week stands in Redwood City for several seasons.

The actor began his stage career at the age of 7 when he played parts in San Francisco productions. He played with Charles Chaplin in the first silent picture in which Chaplin appeared.

In the early days of motion pictures Mr. Cooley was director of American Beauty Films Association and had under contract such well known players as Mabel Normand and Ford Sterling. For five years he traveled with a road company of "The Bird of Paradise."

He was amateur boxing champion of the Pacific Coast several years ago, having represented the Olympic Club.

For several years he was treasurer of the Motion Picture Directors of America.

In addition to his widow he is survived by his daughter, Mrs. Harry Thomas, Ontario; brothers, Earl King Cooley of San Francisco and Verdenal W. Cooley of Marysville, and a sister, Mrs. James McKean of Alameda.

Mr. Cooley died at St. Vincent's Hospital, Los Angeles, and interment was made in Hillside Cemetery, Redlands.

USO Committee To Remain on Job

Redwood City's United Service Organizations committee that recently brought a drive for $1250 to a successful conclusion, Monday night voted to maintain its organization despite the fact the current drive is finished.

Members of the executive committee were informed by Leonard Blackner, head of the campaign in San Francisco, that the committee should stand ready to undertake any other projects the government requested and to maintain its organization in event of an emergency.

The quota that was raised for the local USO campaign has been sent in to regional headquarters, according to Howard I. Wood, general chairman of the drive. Wood was authorized by the executive committee to continue accepting contributions from those who still were sending in funds.

Prisoner Placed In 'Death Cell' For Safety

Ironically, the prisoner who burned to death in the padded cell at the county jail in Redwood City early Tuesday was placed in the cell for his own safety.

With walls heavily padded and furnished with nothing except a mattress, the cell was designed to prevent a prisoner from injuring himself.

There was no way of determining positively how the fire started, but authorities were convinced that L. C. Crews, 36, San Bruno welder, had kindled the fire which brought him a tragic death.

Crews had been searched before being placed in the padded cell, and there were no matches in his pockets when he went in, jailers said. They could only guess that he had dropped one or more in the cuff of his trousers.

Once in the cell, the man apparently ripped the padding of the cell and ignited the excelsior filling.

Planning Commission Approves New Projects

Two proposed subdivisions in Oak Knoll Manor received approval of the Redwood City Planning Commission when that body met Monday night.

One of the applications was filed by Redwood Highlands Co., and the other by David Holder. The commission will recommend the subdivision projects to the city council for final approval.

Colombia is the only South American country with both Atlantic and Pacific ports.

General Fund May Supply County Need

The $4200 which the supervisors will be asked to provide for unemployment relief in August will be taken from the general fund—if and when it is appropriated.

If the state legislature has made no provision for unemployment relief by the time the county budget is adopted in late August, the county will have to make some provision for the continuance of this type of relief throughout the next fiscal year. Beer said that, on the basis of the August payments, this would probably add about three cents to the tax rate.

Kane revealed that federal money for aged, blind and orphan aid had been received, enabling him to return to the general reserve monies borrowed by the supervisors last week in order to pay July benefits without further delay.

The Federal funds received were: Old age benefits, $21,-021.35; orphan aid, $1100.22; blind aid, $472.07.

Kane said the county maintenance and operation budget is now being compiled, to be submitted to the board of supervisors for a public hearing on or before Aug. 20.

As a new departure this year, the budget estimates will be prepared in photostatic form rather than printed, and will follow forms recommended by the State Department of Finance as nearly as possible as a concession to standardization.

Photographic reproduction of the budget figures will save Kane's staff many hours of work by removing the necessity of proof-reading approximately 100 pages of figures. The final budget as adopted will be printed.

Seven Cars Damaged In San Mateo Crash

SAN MATEO—Seven automobiles were damaged, but only one person was injured Sunday night in two rear-end collisions which happened on Bayshore Hwy. in San Mateo, one block and one minute apart.

First of the crashes was 150 feet north of Tilton Ave. and involved automobiles driven by Petronilo Jubilado, San Francisco, and Godfrey Klotzbeacher, San Francisco; Edward G. Welch, Oakland; and Chester H. Barker, San Jose. Welch, whose car hit that of Klotzbeacher, driving it into Jubilado's machine, suffered a possible fracture of the arm. Barker's car clipped a fender of Welch's machine.

A minute later, 200 feet South of Poplar Ave., the automobiles of Ernestine E. Escale, Julius Sax and Joseph Lamarigue, all of San Francisco, collided when Escale stopped suddenly.

State guard units have been organized in at least 28 states since congress authorized establishment of additional military forces while the national guard is in federal service.

Minnesota has 11,007 lakes.

BUY NOW PAY LATER
Save your 10% on Gas Heating Equipment by buying this month. No monthly payments until after October 1st.

Your present heating equipment may be giving you poor service. Perhaps it is not delivering heat as fast as it should. Or it may be balky and bothersome and becoming more and more expensive to operate. The remedy is to put in NEW Gas Heating Equipment, and the time to put it in is NOW, when you can save money.

If you have an old furnace, by all means buy and install one of the new blower-type furnaces that filter out all the dust and grime that is picked up in the house when warm air is circulated. Be wise—modernize, and save money.

Father Will Appeal Court's Order Awarding San Mateo Boy to Mother

Indicating another round is coming up soon in the Winter vs. Winter court battle for custody of 3½-year-old George Godfrey Winter—as a preliminary to the main divorce bout—Atty. Charles R. Garry of San Francisco disclosed Monday that he will seek a writ of review in the District Court of Appeals asking review of a court order giving the mother, Barbara Eacret Winter of San Mateo, temporary custody of the child.

Meantime, to insure the presence of the child when his parents engage in the forthcoming divorce battle involving his permanent custody, Garry today obtained from Superior Judge A. R. Cotton an order restraining the child's mother and grandmother from removing the boy from the court's jurisdiction.

Last Friday Judge Cotton awarded custody of the child to his mother, who resides with her mother, Clarisse Eacret, in San Mateo. They had brought the child and his father, Merch W. Winter, into court on a habeas corpus writ charging Winter with forcibly taking the child from the mother's home.

Garry, attorney for Winter, said the restraining order was requested as a precaution against the child's being removed from the state, and thus from the court's jurisdiction, when the divorce suit comes to trial. Winter responded to his wife's complaint charging cruelty with one accusing her of an illicit romance with a dude ranch employe.

Basically, the process for making paper is the same as developed centuries ago.

A finger ring with a built-in cigaret lighter has been patented.

There are 80 exchanges in the Manhattan borough, New York, telephone system.

Her Guests Praised Beds But Cursed The Bathroom

No wonder, too. The home was modern throughout, well furnished and in good taste — all except the bathroom. The taps ran slow, the tub was really uncomfortable, there was no shower and the toilet—well it was the kind of place to make any host cringe when a guest asked, "Where is it?" We could solve this easily now.

July Committee Starts Summer Dancing Series

Muzzy Marcellino and his famed dance orchestra have been booked to lead a parade of "name bands" into Redwood City for a series of Saturday night dances under the sponsorship of the local July 4 celebration committee.

Ole S. Oleson, general chairman, announced signing of Marcellino's orchestra for the evening of July 26 following a meeting of the celebration's finance committee last night.

Named to take charge of the dances were Joe Primeau, Charles Misch, J. A. Buhler, Harold "Red" Morton and L. E. Wolbert.

The dances will be conducted at the open-air dance hall at the recreation grounds where visitors to the recent celebration here danced to the music of Dude Martin and his band.

Marcellino was booked through the Music Corporation of America, an organization that handles most of the nation's leading orchestras. The committee said others will be booked from the same source and it is expected to have some of the nation's leading dance orchestras here during the Summer series.

Marcellino, formerly a featured vocalist with Ted Fiorito, has gathered together a band of musicians that has become intensely popular in the past few seasons.

The orchestra has been featured on each of the major networks and has played extensive engagements in leading hotels and cafes.

In event the opening dance is well supported, the committee will bring other big orchestras here including such names as Henry King, Freddie Martin, Charles Barnet and Skinnay Ennis.

School Operators Sue In Fight for Permit

Charging the County Board of Supervisors and County Planning Commission showed discrimination in refusing a land use permit for the McKenzie School of Individual Instruction in Menlo Oaks, operators of the school and the owner of the land involved today had carried their fight to the superior court.

They asked a writ of mandate ordering the supervisors to issue a permit for the school, a private, non-profit institution for children with speech and hearing defects.

The petition was filed by Anna Marie Bush, owner of the Berkeley Ave. property selected as a site for the school, and the school. It cited the county planning ordinance as basis for the contention that the board should issue a permit.

Another school is operating in the vicinity and the zone permits cows, fowl, truck gardening and golf courses, the petitioners asserted. They charged the supervisors' action in ruling against the permit on July 7 was "unlawful, discriminatory and . . . deprives the plaintiffs of their rights and property without due process of law." Atty. James T. O'Keefe Jr. of Redwood City represents the plaintiffs.

There are 126 Class One railroads in the United States.

County Named in Suit Against Outfall Sewers

Litigation over outfall sewers serving southern San Mateo County communities south of Redwood City, in which an injunction is sought to prevent three sewer lines from emptying into the bay, has been filed in the superior court at Redwood City.

The Leslie Salt Co., owner of tideland areas across which three sewer outfall lines pass, filed suit to enjoin the Menlo Park Sanitary District, North Palo Alto Sanitary District, and Bell Haven Sanitary District from using the outfall facilities, on the grounds the sewers interfere with salt reclamation processes planned by the company.

San Mateo County is a defendant in the action, since the board of supervisors are directors of the Belle Haven Sanitary District. The Marsh Rd., Ringwood Rd., and old Army sewer outfall lines are affected.

The county has countered with a condemnation suit against the Leslie Salt Co., seeking to condemn for right-of-way purposes land over which the outfall lines pass.

Assistant Dist. Atty. Daniel E. Sullivan said the outfall lines are laid in sloughs, and extend 1800 feet beyond mean tide level in each case. The lines have been used for many years under permits originally granted by the University of California, which formerly owned the tidelands affected. In the case of the Ringwood Rd. outfall, the revocable permit has been in existence 37 years.

The army sewer serves the Veterans' Administration Facility, Bell Haven City and North Palo Alto. The Ringwood and Marsh Rd. sewer lines serve the communities of Menlo Park and Atherton.

GRASS FIRE CONTROLLED

A truck from the county fire warden's office at Redwood City was sent to Santa Maria Ave. in the Dumbarton tract south of Redwood City early Sunday afternoon to extinguish a grass fire that burned over about one acre.

There are more nickels in circulation than any other American coin.

Stratton To Illustrate Biographical Series

A series of biographical sketches of prominent Redwood City-zens will soon be presented in this paper as a new feature of the Tribune.

Artist George Everette Stratton, who did a "Personalities" series for the Tribune several years ago, has been gathering material recently for a similar series which will be started the latter part of July.

A caricaturist and lecturer as well as an artist, Stratton has been scheduled to speak next Wednesday noon before the Kiwanis Club here and the following week will entertain the Lions Club.

The series which he is currently preparing for the Tribune will touch on new themes of reader interest. Highlights in the lives of the citizens which brought them to their present professions and businesses will be dealt with.

GEORGE E. STRATTON

Drifting Log Swamps Boat Off Coastside

Those drifting logs, remnants of a log raft which broke up and then was re-gathered, have taken their first toll of shipping. A 40-foot San Francisco crab boat rammed one of the huge Oregon logs off Thornton Beach, and became swamped with a three-foot hole in her bow. Coast guardsmen rescued the boat's owner and sole occupant, Domenico Tringali, after lowering their dory down a 250-foot cliff and rowing a mile out to the boat.

Four Drivers Booked On Drunk Counts Here

Four drivers were booked at the county jail on drunk driving charges over the weekend. Harold Runsperger, 22-year-old South San Francisco steelworker, was arrested Saturday in South San Francisco. Everett C. Hogan, 36, San Francisco machinist, was booked Saturday after his arrest in Brisbane, and was released on $100 bail.

Raymond R. Rydeberg, 24, Niles steelworker arrested at San Mateo Saturday, paid $45 of a $50 fine, and was given credit of $5 for one day served. Willard P. Ballam, 37, 483 Third Ave., Redwood City, truckdriver, was released on $100 bail after his arrest in San Mateo Saturday.

REDWOOD CITY

Ice Follies Plans Special Matinee

A second special matinee performance of the dazzling Ice Follies of 1941, now showing nightly at Winterland, in San Francisco, will be held Saturday afternoon, July 26, it was announced this week. The daytime show was set in response to hundreds of requests, the management stated.

Night showings of the spectacular ice revue continued this week to attract capacity audiences. The great cast of international skating stars and beauties are seen in an entirely new production already acclaimed from coast to coast.

Blending the speed, rhythm and grace of figure skating, ballet and modern dancing into his "white tie and tails" routine, Roy Shipstad, star of the Ice Follies of 1941, can easily be termed the smoothest exponent of sophisticated skating on ice today.

Not content with being the greatest male figure skater in the whole wide world, Roy combines the intricate figures of skating with the svelte, polished dancing of such famed "hoofers" past and present as Vernon Castle, Jack Donahue and Fred Astaire.

In addition to mastering every known phase of figure skating, Shipstad has carved a number of amazingly original steps with his skates which are incorporated in the 40 different figures which compose his routine. Due to the smooth and seemingly effortless exhibition of the Ice Follies star few people realize that he skims over the shimmering ice surface at the speed of 30 miles an hour.

Recognized as the fastest spin skater in the show, Roy twirls into 180 revolutions during his act, and over a period of ten years he has appeared publicly over 4000 times. Thus a rapid fumble thumb system of mathematics reveals that if all of the spins that Roy Shipstad has done were spun into one mad whirl, they would total upwards of 800,000 revolutions at better than fifty miles an hour or one very dizzy and prolonged headache.

In reference to the dizziness of the spins, Roy readily admits that he does get just a little "spin dizzy." "As an example," Roy says, "in a cross-foot or duck spin, I travel as fast sometimes as 60 miles an hour."

'Cow Palace' Bill Signed by Olson

SACRAMENTO (AP)—The Shelley bill making an annual appropriation of $100,000 to agricultural district 1A in San Francisco was signed into law by Governor Olson today.

The measure, introduced in the legislature by Sen. Jack Shelley, will permit San Francisco to present a livestock exhibit in which the 11 western states may participate.

Proponents of the measure declared it would permit San Francisco's "cow palace" to present one of the finest livestock exhibits in the nation.

The temperature in the fire rooms of some U. S. naval vessels sometimes reaches as high as 115 degrees. Sailors stationed there must eat salt tablets and drink up to four times the normal amount of water.
